JOTUN

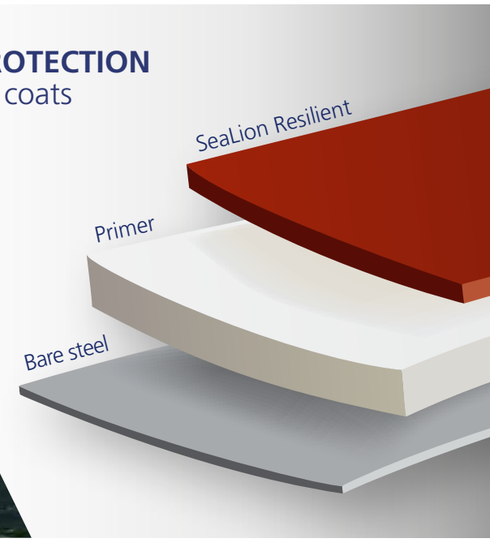

STRONG. SMOOTH. SIMPLE.

SeaLion | RESILIENT
Strong Smooth Simple

Mechanical impact and damage resistant.
Smooth and shiny surface. Easy to use.

Introducing the world's first resilient antifouling

SeaLion Resilient is an efficient biocide free underwater hull protection in only two coats. The product is especially designed for vessels where maintenance simplicity and docking efficiency is crucial. The strong surface of SeaLion Resilient significantly reduces the risk of mechanical damage and maintains hull condition throughout the service period.

Strong
The strong and resilient coating is designed to withstand mechanical damage that in turn will simplify maintenance and reduce docking cost.

Smooth
The smooth and glossy surface provides a low drag out-of-dock performance.

Simple
The simple application procedure requires only 100 microns SeaLion Resilient on top of any 1 coat of underwater approved primer.

Save money through docking simplicity
The new SeaLion Resilient is simple to use and gives a strong hull protection. By simplifying maintenance and reducing need for repair, SeaLion Resilient can contribute to a significant reduction in docking cost, labour and off-hire as well as very low paint consumption and VOC emissions.

ADDED VALUE

- Efficient dockings
- No film erosion
- UW cleaning compatible
- Biocide free
- Low paint consumption

TECHNICAL INFORMATION

Solids (volume %)	83% ± 2
DFT SeaLion Resilient	100 µm
DFT Complete System	300 µm
Total number of coats	2
Abrasion resistance	Excellent
Gloss and colour retention	Excellent
VOC level (US Method 24)	161g/l
VOC (ISO 3233)	114 g/l

Jotun GreenSteps

Anchoring sustainable development
Jotun's greatest contribution to the environment and society is our premium coatings system's protecting property against decay and corrosion.

Marine and protective coatings offices worldwide

Legal Jotun entities world wide are listed. For details of Branch offices and Jotun representation in countries not listed, please visit **jotun.com**
